We believe that how a faucet performs is just as important as how it looks. That's why we blend ingenious innovation with beautiful human design. A pioneer in bathroom plumbing, we are renowned globally for breakthrough shower and tap design and product development, distinctive aesthetics and environmental mindedness. Our dedication to water conservation and quality products has been recognised with a host of global awards for design and innovation

KITCHEN FAUCETS COLLECTION

Update your kitchen by adding ARC Fixtures faucet with premium stainless steel or solid brass construction for durability and longer life. A smooth, high-arched curve makes the pull-down faucet sleek and modern in design, while both the faucet and deck plate are made of durable, long-lasting metal construction.

EXCEED EXPECTATIONS

Everything we do is about making perfectly designed products for you reliable products that will last, with excellent design and with exceptional user comfort — which are both beautiful and a joy to use. To that end, we are devoted to tinkering, testing and manufacturing to the highest standards, sourcing the best component and working with full passion.
